ADVAVAC Surface Technologies Inc. Thanks to the staff of Euro-Asia Logistics OÜ for the implementation of transport forwarding and international transportation of goods.

During our cooperation, Euro-Asia Logistics OÜ has shown itself to be an attentive and interested partner in further cooperation. This is expressed in compliance with the declared terms of transportation, the safety of the cargo during transportation and in the prompt provision of information upon request throughout our partnership.

We hope that our business partnership will continue to develop in a positive direction.
